Make no mistake about it, Fulton's businessmen's devotion is the finest, and soundest group ever organized here. Not only that it has set a pattern of religious gatherings in many other cities in the United States.

There can be no adequate way to describe how keenly we feel the good that has come out of this early Monday morning get-together. Its a wonderful way to start out a business week. The devotionals are non-denominational. Men and women of all creeds and faiths gather for one single reason to ask Divine guidance in their work week and His blessings in every deed they do during the week.

Every Monday morning Paul and I wake up with the resolution for at least one of us to attend. We get up a little earlier than usual and invariably we find that its past seven thirty when we get two youngsters off to school and make the three or four treks to and from town before the day gets started.

We have the Monday morning devotionals on our "must" list and don't be surprised to find one of us there most any Monday. Meanwhile to those of you whose lives are less complicated we hope that you will continue to attend them and remember all of us, who cannot attend regularly, in your prayers.

The many friends of Lt. Col. Richard Ivey of Fort Bragg are happy to know that he is the winner of a \$300 award for designing a ring and insignia for his outfit. Over 500 entries were submitted in the contest and Colonel Ivey came out the top man. His design was intricate and informative and will no doubt be used as a pattern for the final ring and insignia for the Airborne Division. Colonel Ivey is married to the former Charlotte Terry Gerrish.

Its almost time for TB Seal Sales in the State and we were advised Wednesday that Fulton's sale will be conducted through the State office this year instead of on the local level.

The Welfare Workers Club is looking forward to their all-day meeting next week in the home of Mrs. Aline Rogers.

Mr. and Mrs. Carl Kimberlin have just returned from a nice vacation to Marianna, Ark. where they visited with the former Patty Butcher Samuels. The Kimberlins accompanied Mrs. Ben Kimberlin to that city where she will visit for awhile with Mrs. Samuels.

Get the corn cobs out this week end. They're worth money. Take part in the novel and economical way to shop in Fulton for the three-day period. And do visit the many lovely exhibits in the store-window around Fulton.

Two Per Cent Discount On Taxes Paid Nov. 1

Kentuckians can save 2% of their state, county, and school property taxes by paying them by November 1. The taxes are now due and payable at county sheriffs' offices.

Most property owners are being notified by their sheriffs as now required by law. However, all owners of taxable property, including automobile owners, must pay property taxes whether or not they receive the sheriff's notice.

Peggy Adams Busy At Murray State College

Peggy Adams, who is a student at Murray State College, has been having a time since leaving Fulton. She was first place winner in a musical talent show held in chapel and she was also asked to sing at the pledge party of the Delta Alpha fraternity. She sang "Loneliest Gal In Town" and "I Didn't Know The Gun Was Loaded".

Miss Adams has been pledged to the Sigma Alpha Iota and is the daughter of Mr. and Mrs. Tilman Adams of Fulton. Keep up the goodwork, Peggy!

Peggy also has a part in the seventh annual "Last Resort" production on October 21-23. She will be a member of a quartet.

You must be in Fulton this week end to meet your friends at the Window Fair.

SPOOKS LIKE ROBIN HOOD WILL PROWL IN FULTON

Kiddies To Ask For Coins Instead Of Other Treats

Plans for a "constructive" instead of a "destructive" Halloween got underway at a meeting Monday afternoon at the home of Mrs. Ernest Fall, Jr. Representatives from a number of organizations met and discussed having a community Halloween party for all the children in Fulton who want to have their Halloween fun with needy children throughout the world.

The spooks will be out as usual knocking on doors but instead of asking for treats they will ask for coins for the United Nations children fund, which will use these gifts from children throughout America to help some children in far off lands from disease and starvation by sending food and medicine. There are UNICEF programs in eighty under-developed countries and each program is realistically designed to give the needy children a healthier and happier tomorrow.

This year you won't find many pranks because the small fry will be too busy telling you about UNICEF. Their foray will only last one hour, because at 7:30 on Halloween night they are all invited to two community-wide parties. One will be held in the Baptist Church for children eight years and under, and another party will be held in the Methodist Church for boys and girls over 8 years.

ALL IS READY FOR WINDOW FAIR; CROWDS EXPECTED

Fulton merchants are preparing for large crowds the last three days of this week, when the second annual Window Fair gets under way - combined with the new Corn Cob Days on Thursday and Friday.

Many interesting and attractive window displays are registered for showing Thursday, Friday and Saturday. All the handwork of the homemakers clubs, as well as troops of the cubs, boy scouts and brownies, will be shown.

Some merchants are carrying out the idea of the corn cobs in their window and store decorations - one store on Lake Street already has a striking window display using corn cobs and corn shucks.

Three out-of-town judges will make their selections on the blue, red and white ribbon awards on Thursday, October 21st.

The two days designated as Corn Cob Days will be also "saving days" to all who bring corn cobs to do their shopping. A 10% discount will be allowed in most of the stores for the corn cob exchange. On a 50c purchase, you use one corn cob and 45c; and on every dollar of purchase you receive 10% off if you have two corn cobs to give in exchange. This can result in large savings for Thursday and Friday. The discount is only given where the purchaser brings in corn cobs to exchange for the discount.

Happy Chandler To Be Here Saturday; Speaks For Barkley

A. B. "Happy" Chandler, one-time Kentucky Governor, United States Senator and former high mogul of the nation's baseball empire, will appear in Fulton Saturday on behalf of the candidacy of Alben Barkley for the U. S. Senate.

Chandler, an announced candidate for the Governorship of Kentucky next year has been making speeches over the State on behalf of his now political friend, Mr. Barkley.

Chandler will arrive in Fulton about four o'clock Saturday and speak from the YMBC platform on Lake Street. A large crowd is expected to hear him, according to local Democratic leaders.

Following his talk in Fulton, Mr. Chandler will motor to Hickman where he will make another talk on behalf of the candidate.

Meanwhile all Democratic leaders in the state continue on the stump for the grand old man of Kentucky politics. Governor Wetherby advised the News Tuesday that he will be in Murray Saturday afternoon for a speech and then again in Benton later in the afternoon. He will spend the night at Kentucky Lake.

Mr. Chandler accepted an invitation to appear on the speaker's bureau of the Barkley campaign at the request of his many friends in Kentucky, he said.

REPRESENTATIVE IN FULTON TO PUBLISH CITY DIRECTORY

Well-Known Firm Making Contacts Of Local Leaders

R. L. Ross, a representative of the Mullin-Kille Directory Company of Chillicothe, Ohio is in Fulton today calling on merchants and business leaders in the plan to publish a city directory for Fulton. The reputable, nation-wide company has published directories for Union City, Mayfield, Murray and other nearby cities.

"A city directory is vitally needed in Fulton," a prominent businessman told the News. The book will contain valuable information, not only for merchants of Fulton but for every resident of the city. A handy reference for obtaining such information as home ownership, residents over 18 years of age, occupations of residents, etc. will be incorporated in the directory.

The names of residents over 18 years of age will be listed alphabetically as will a buyers guide. The names of rural route boxholders will be enumerated and handier yet is a numerical listing of all phone numbers in the city.

Mr. Ross has called on several local merchants and is receiving good response. Persons wishing to help support the directory can get in touch with Mr. Ross at the Adams Motel, the Chamber of Commerce or the Fulton County News.

The Mullin-Kille is one of the largest directory publishing houses in America.

U-TOTE-EM TO OPEN BEAUTIFUL NEW STORE HERE

Cordial Welcome Issued To Attend Store Opening Day

The beautiful new U-Tote-Em grocery store opens its doors to the public at nine o'clock Friday morning. The opening will culminate weeks and months of work in the building and arrangement of the store for the public.

Johnson Hill, manager of the store and Troy Carlisle supervisor have left no stone unturned to make everything shipshape for the grocery-buying public.

For the opening days the store will be festive with grocery supply houses distributing many samples; every fifteen minutes for the opening days a \$10 basket of groceries will be given away to some lucky ticket-holder.

The meat department will feature something new in this area in the way of meats already cut and wrapped for the public.

Employees of the store, who wish you a cordial welcome to visit the store are: Mr. Hill, Harry Freeman, meat manager; Harry Threlkeld, produce manager; Leon Lovell, stock manager; Harry Richardson, farm manager; Myra Ann Moss, chief checker and Bobby Malone.

The building was erected by Mrs. Ann McDade Hunt.

Robert Burrow Says Thanks For Polio Fund Receipts

Robert W. Burrow, Chairman of the Fulton County Emergency March of Dimes Drive, would like to thank each organization and individual that contributed in any way to this successful drive.

It is of interest to note that \$1344.06 was donated. Of this amount, \$550.00 came from the City of Hickman, \$702.00 from the City of Fulton and \$92.06 from the county.

IN HOSPITAL

Mrs. Billy Joe Forrest of Fulton is in the Fulton County General Hospital in Union City after undergoing surgery Tuesday morning. Her room number is 202.

Bank of Dukedom Is Robbed Again, Loss Check Is Paid

The Bank of Dukedom is in the money again. Less than 24 hours after the little bank was robbed on Tuesday, Fall and Fall Insurance delivered a check to them to cover the money stolen. The check was written for \$1812.93 and was on the Fidelity and Casualty Insurance Company which held the policy written by the local insurance agency, Ernest Fall, Jr. who with Carl Pirtle and Jim Tyree of Paducah delivered the check Wednesday said that the loss could have been paid off shortly after the robbery, but a check book on the company was not available.

during the noon hour when W. E. Cunningham was alone in the bank, the thief pointed a gun at the bank employee and asked that he turn over the money. At the door another young man held watch.

Appearing nervous in his efforts to rob the bank the young man used amateurish methods to accomplish the theft. Mr. Cunningham handed over the money that was in the cash drawer which was in denominations of from one to ten dollars. Only a few larger bills were in the loot.

Both men made their get-away in a 1950 two-door Ford automobile with a McCracken County license. They headed toward Fulton. Officials said the car had been stolen in Paducah.

As of press time today (Wednesday) the robbers had not been captured. Following their exit from the bank Mr. Cunningham notified police authorities who are making a wide search of West Kentucky.

The Bank of Dukedom is one of the proudest institutions in that little Tennessee Community. M. H. Rose is the cashier and the whole town takes great pride in their ability to support such a modern institution.

EPISCOPAL HOUR TO BE HEARD IN THIS AREA

Mayfield's WKTU To Broadcast 3-Month Series

Beginning this Sunday, October 24, Ninth Annual Episcopal Hour, a series of the Protestant Hour, will be heard over Mayfield's WKTU at 12:30 p. m. The first speaker on this 13 week series will be Very Rev. James Pike, Dean of the Cathedral of St. John the Divine, New York. He will speak this Sunday on "The Truth about Death." On the following three Sundays his sermons will be "The Truth about Judgment," "The Truth about Hell" and "The Truth about Heaven."

On subsequent Sundays, through January 16, 1955, the Rt. Rev. Theodore Barth, Bishop of Tennessee and Canon Bryan Green, Rector, St. Martin's Church, Birmingham, England will be heard.

Rev. George Laib, pastor of the Trinity Episcopal Church here urges Fulton listeners

Diary of Doin's

—Around Fulton—

The News writes social happenings about you and your friends.

"Trick or treat." That's taboo. The new saying is "Trick or pennies for Unicef." Imagine the Halloween prowlers now as youngsters with a mission in mind. An unselfish idea to help children more unfortunate than they are. They like the idea just fine.

You must read the story on the front page about the modern trend among "spooks." These are good 'spooks' like the Robin Hood kind. They'll hold you up at dagger's point . . . but its not for them. No siree, its for little boys and girls all over the world.

This year a group of enthusiastic kiddies will follow a comparatively new pattern in behavior for Halloween. Only two years ago the United Nations Children's Fund conceived the idea of having children collect coins for a nation-wide fund to help less fortunate children all over the world. The program is now being practiced in 48 States in America and Fulton is among the many cities that will inaugurate this novel idea for the first time.

We know that Fulton's youngsters won't mind a bit giving up their treats. They really didn't care too much about the candy, fruit and trinkets they got. They just wanted the sport of getting it. This year their "loot" will be a wonderful and worthwhile thing. Tell your youngster about the new plan for getting pennies for Unicef. Tell them that their money will be used for medicine, vitamins and milk for the undernourished children of the world. You, too, contribute as much as you can when a little "spook" knocks on your door Halloween night.

Lorene and Bud Hughes will be off this week end for their annual three-week trek to Florida. This year they will visit in Key Biscayne and it will be no hotels for them. Lorene and Bud will live in the Florida home of Mrs. Viola Flowers of Middlesboro, Ky. an old-time friend of theirs. Lorene told us the other day that the house was being readied for their arrival and is complete with servants, etc. Mrs. Virginia Steinel of St. Joseph, Missouri will be their houseguests during their vacation and if there's anything more luxurious sounding than that vacation we certainly fail to know what it is. Happy deep-sea fishing folks.

Laverne Terry has just returned from a wonderful week's visit in Fort Bragg, N. C. with Charlotte and Robert Ivey and family. Laverne reports that they are just getting along fine and having a wonderful time living this gay, peace-time Army life. Laverne tells us a good story about her return trip. On the day she was supposed to leave she went out to the airport to take a plane for Nashville and home only to find that the plane was grounded because of the fog. Norman, meanwhile was to meet her there according to the original schedule of her arrival and left his office in Mayfield for the trip to Nashville.

When Laverne learned that her plane flight was cancelled she phoned Mayfield only to learn that he was on his way to Nashville. Giving him a reasonable time to get to Nashville she phoned the airport and had him paged and he was just walking out of the door when he heard his name called. He had to spend the night in Nashville until Laverne's flight arrived the next day.

Discussing plane flights with Laverne we marvelled at the speed with which this mode of travel gets you where're you going and she told us a funny thing. Did you know, she said that most air passengers are elderly people and business people wanting to get somewhere in a hurry. That seemed strange to us, we would think that young people take to the air for speed and the elderly people take the more conservative modes of travel. Strange days these.

Katharine Browder has also just returned from a wonderful visit in Washington with Miriam and George Johnson. Katharine also flew home and enjoyed both the trip and the plane ride.

Herbie and Ann Hunt (seems funny to call Ann McDade that) were week end visitors with Ruby and Maxwell McDade and the Hunts of Mayfield. Ann and Herbie spent Saturday night in Mayfield and returned to Fort Knox on Sunday. Ruby and Max-

The Wednesday afternoon bridge club were the guests of Ruby McDade Wednesday. After having a nice lunch at Smith's Rose Room the group went to Ruby's and held forth at bridge in the afternoon. The hostess presented a prize for the high score and the low score. Those attending were: Helen Dunn, Sara Bushart, Ma-ree Bushart, Louise Binford, Elva Fall, Sara Johnson, Laverne Edwards and Catherine Bennett.

Trevor and Robbie Whyne certainly had, shall we say, a lively week end. Cissy Splane and her three children spent a few days with the Whynes and Saturday night she went back to her home in Humboldt and left the children here. She returned Sunday afternoon to take them home. The Splanes have built a beautiful new home in Humboldt and are just getting adjusted in their lovely new surroundings.

Little Bill Bonekemper, you know, is staying with Trevor and Robbie and is in the first grade in school and he too, enjoyed visiting with his little cousins. Virginia and Bob are in the process of moving from Indiana to Cincinnati where Bob will be production manager for the Kroger Company. You never know it to look at Virginia and Bob, but they are dyed in the wool agrarians. In Indiana they lived twelve miles out of the city on a wide expanse of acreage and we thought that a mighty big undertaking. But now the Bonekemper have done it up, but rural.

They will live on the outskirts of Cincinnati on a small plot of 44 acres . . . and no mule. The "estate" has an orchard with all varieties of known and unknown fruit trees, but what is more they have a man on the place who will help them do their gentleman farming. Virginia and Bob are living images of true urbanites but then when you talk with them you start getting this rural route business. Just shows to go, you can't tell about people. We're looking forward to hearing about the preserves that Virginia will put up right from her own little plot.

The lovely miscellaneous shower held at the Woman's Sanders, the former Sue Jewell Club Saturday for Mrs. Harry had something new and different and very pleasant. Little Mikie Faulkner, the singiest little fellow in town, entertained the guests as nobody but he can do. Mikie with his little ukelele is going places with his singing and we'll be willing to bet on that.

The Woman's Club looked especially lovely for the occasion with the brightest flowers of the fall season in attendance everywhere. The bride's table, for Sue is still a bride, was handsomely decorated with a Swiss lace cloth and everything was in perfect order for this nice compliment to this nice young lady who now lives in Chicago.

Hostesses for the occasion were Mrs. Pete Green, Mrs. Nick Nicholas of Lansing, Mich., Mrs. Allen Austin, Mrs. Paul Heltsley, and Mrs. Jewell McClain.

The invited guests list included: Mrs. Eph Dawes, Mrs. Whitt Garner of Mayfield, Mrs. Herman Jewell, Mrs. Montelle Creason, Mrs. Pauline Gunter, Mrs. Edward Bugg, all of Clinton, Mrs. Betty Jones of Columbus, Mrs. Ernestine McCullum, Miss Irene Beaver of Paducah, Mrs. Billy Gunter, Paducah, Mrs. Bessie Green, Mrs. Hubert Jackson and Mrs. Jimmie Jackson of Duke-dom, Mrs. Hugh Rushton, Miss Mary Kate Pewitt, Mrs. Harry Allison, Mrs. E. H. Knighton, Mrs. Pauline Bell, Mrs. Ella Maupin, Mrs. Bill Scott, Mrs. Wayne Cole, Mrs. Sam Harper Jr., and Mrs. Henry Edwards of Clinton,

Mrs. Vyron Mitchell, Mrs. Vernon McAlister, Mrs. Wray Ward, Mrs. Hugh Fly, Mrs. Howard Strange, Miss Ruth Byars, Mrs. John Austin of Mayfield, Mrs. Landen Robertson, Mrs. Buddy Carver, Mrs. James Wade, Mrs. Tucker Brown, Mrs. N. L. Meadows, Mrs. Bob Ruby Reaves, Mrs. Bob White, Mrs. Frank Beadles, Mrs. Harvey Caldwell, Mrs. Paul Westpheling, Mrs. Sonny Puckett, Mrs. C. A. Boyd, Jr., Mrs. Olene Fields, Miss Marjorie Whitlock, Mrs. Grace Caven-der, Mrs. Marie Vowell, Mrs. Margaret Green, Mrs. D. C. Thacker, Mrs. L. O. Bradford,

Mrs. Clanton Meacham, Mrs. Betty McGee, Mrs. Mary Gene King, Mrs. Marjorie Owens, Mrs. Ruth Puckett, Mrs. Richard Willey, Mrs. Irby Holder, Mrs. Mildred Stafford, Mrs. Marion Matheny, Mrs. Maxine Matheny, Mrs. Lelia Bloodworth, Mrs. H. C. Baker, Mrs. James Hobbs, Mrs. Mary Ellen Ashby, Miss Hazel Clark, Mrs. John Joe Campbell, Mrs. Bobby Ayres, Mrs. Mary Ferguson, Mrs. H. G. Luther of Mayfield, Mrs. L'orace Luther, Jr., Mrs. Theopile Albrightian, Mrs. John Bailey, Mrs. Gene Roberts, all of Mayfield, Mrs. Clifton Hamlett of Jackson, Mrs. Polly Beggs, Mrs.

Edna Gourley, Mrs. Georgia Bell, and Mrs. Barbara Smith.

And in the shower department (its been a lovely rainfall of gifts for the honored ladies hereabouts) was held last week for Mrs. Bobby Jean Rhodes when a group of hostesses entertained at a pink and blue shower. And guess what her nice husband did. He presented her with a lovely corsage of gladioli for the occasion. Isn't he the proud one?

Hostesses for the party were Mrs. Ellis Bizzle, Mrs. Freddie Roberts, Mrs. Gusta Rhodes and Mrs. Carl Johnson. You

couldn't mistake what kind of a party it was, for as the guests entered the beautifully decorated home they were greeted by old Mr. Stork himself.

After special entertainment by Mrs. Cecil Binford, Mrs. Ray Pharis, Mrs. H. E. Dill, Mrs. Aaron Kirby and Julie Binford, a decorated bassinet full of gaily wrapped gifts was rolled in by little Miss Julie Binford and presented to the honoree. Mrs. Russell McMorries entertained with piano music during the refreshment time.

Those present were: Mesdames Freddie Roberts, Carl Johnson, Gusta Rhodes, Rich Gardner,

H. E. Dill, Larry Binford, Cecil Binford, Aaron Kirby, Randall McAlister, Harry Gossam, Harold West, Dee Pickens, Bill Robey, Joe Sellars, O. D. Jiminy Crickets its been a deluge, instead of a shower. Last Friday night Pete and Mozelle Green entertained a charming bride-elect, Katee Lowe, at their home with a bridal shower. Katee's friends (she was married

Sunday to Joseph C. Miller) wanted to make her nuptial event a very happy occasion. Pete and Mozelle, no doubt, spent a lot of time decorating their home with flowers of the season for it certainly looked lovely. And Katee too, was presented with flowers which made her lovely trousseau frock even more striking. The gift corsage was from the hostess and her daughter Mrs. W. C. Nichols of Lansing, Mich.

Katee's party was made happier by the arrival of her friend Minnie Ruth Walker of Shawnee, Okla. who will be here for the wedding.

The invited guests were—Mrs. Luke Mooneyham, Miss Nell Mooneyham, Mrs. Bessie Floyd of Clinton, Mrs. Charles Barclay of Clinton, Mrs. Nelson Tripp, Mrs. Wayne Byassee, Mrs. John E. Floyd, of Marion, Ky., Mrs. Bill Looney of Detroit, Mrs. Paul Heltsley, Mrs. Frank Gourley, Mrs. Paul Hornbeak, Mrs. Charles Butts of Dresden, Tenn., Mrs. Allen Austin, Mrs. Edith Lowe, Mrs. Ellis Beggs, Mrs. Leland Jewell, Mrs. Kellie Lowe, mother of the bride, Mrs. Gene Hilliard, Mrs. H. L. Hardy, Mrs. Homer Wilson, Mrs. Guy Tucker, Mrs. Jack Graves, Mrs. Jean Smith, Miss Ouida Jewell, Mrs. Louise Buckingham, Mrs. Charles Duke, Mrs. Guy Irby, Mrs. Harvey Caldwell, Mrs. Fred Williams, Mrs. J. S. Mills, Mrs. Kathryn Lowe, Miss Leela Lowe, Mrs. J. T. Hart, Mrs. Jack Moore, Miss Betty Boyd Bennett, Miss Mary Kate Hewitt, and Mrs. Jewell McClain.

Kindly and prominent K. Homra has been quite ill lately, but thank goodness he is getting along nicely now after long confinement and surgery in Louisville. His family is so happy to have him home again, as are we, and naturally he has had hundreds of visitors. Sunday Mr. Homra had the great pleasure of having as much company as any one man could in one day and knowing him as we do, we are sure that although he may have been tired at the end of the day, it was a happy fatigue.

We certainly hope that he will be up and out at the store again soon and that his condition will be strong and hearty as it has always been. A bouquet of friendship to Mr. Homra and a very speedy recovery. Those who visited Mr. Homra Sunday from out-of-town were:

From Covington, Tenn.: Mr. and Mrs. Jim Baddour and George Baddour, Mr. and Mrs. Oney Naifeh, Mr. and Mrs. Richard Naifeh, From Ridgely, Tenn.: Mr. and Mrs. Kimlem Homra, From Caruthersville, Mo.: Mr. and Mrs. Wade Homra, From Maulden, Mo.: Mr. and Mrs. A. H. Homra, Sr. From New Madrid, Mo.: Mrs. John Shibley, From Lilbourn, Mo.: Mrs. A. Sickery, From Tiptonville, Tenn.: Mr. and Mrs. Ed Homra, Mr. and Mrs. Lee Homra and family,

Mrs. Alex Homra, Mrs. Jim Naifeh.

These bright blue days of October, with a nice brisk cold in the air, have not dampened the activity out at the Country Club. Tuesday a large crowd of members attended the weekly ladies day luncheon with a good crowd sauntering off to the golf course and six tables of bridge players enjoying that indoor sport. Hostesses for the day, who cooked up a delicious spaghetti dinner were: Martha Putnam, chairman, Sara Johnson, Marian Emerson, Dorothy Tittsworth, Jane Carter, Irene White, Mary Porter, Margaret Homra and Betty Lou Thomas.

The group was happy to have three visitors on Ladies Day. Marjorie Stokes of Oklahoma was a guest of Mrs. Bill Stokes, Edith Treet of Paducah, a Girl Scout Executive was a guest of Sara Campbell and Rudelle Murphy of Memphis was a guest of Irene White.

Virginia Rogers was golf chairman and put the four foursomes of golfers into two divisions. In the "A" division, Virginia herself was medalist and in the "B" division Louise Binford was medalist. Virginia awarded prizes for low puts and Glad Moore and Betty Jean Vowell tied in this category. In the play-off Betty Jean was the winner. There was a "hot" approach and putting contest in which three golfers tied for first place. They played off the tie with Martha Mahan winning the ball. Playing off the tie were Betty Jean Vowell and Ethel McDaniel. At bridge Elizabeth Burrow won the high score prize and Laverne Varden won second high. Rudelle won the bingo prize.

A quartet of UK college students is expected home this week end for the first time since they went off to school. Fulton will be glad to see Kay Cherry, Glenda Sue Brown, Jeff Lester and Dawson Huddleston if they are able to make the trip. Things are happening so fast at UK that something of a "must" nature might turn up and call the trip off. For obvious reasons Don Wright, a student at Vanderbilt University is also planning to come home.

35TH ANNUAL STATE MEETING FOR FARM BUREAU

Farm Bureau from 112 Ken-

tucky counties will send delegates to the 35th annual convention of the Kentucky Farm Bureau, scheduled for Louisville November 14-17, according to J. E. Stanford, St. Matthews, Farm Bureau executive secretary. "We usually have an attendance of about 3,000 for the 3½-day annual affair," Stan-

ford said, "with a maximum of about 1,500 attending any one session of the meeting." Nearly 800 official voting delegates are expected.

Stanford listed the highlights of the meeting will be addresses by Walter Randolph, Montgomery, Alabama, vice-president of the American Farm Bureau Federation; O. D. Brissenden, Chicago, special assistant to the

president, Illinois Agricultural Association; and Miss Laura Lane, Philadelphia, associate editor, of the COUNTRY GENTLEMAN farm magazine.

The convention starts Sunday, November 14, with a vesper service and Choral Festival, according to Stanford. On Monday, November 15, commodity conferences, including tobacco, dairy, livestock, poultry and

commercial crops, are scheduled and Monday night the coronation of the Farm Bureau King and Queen will be held. Tuesday night the state finals for the Talk Meet for Rural Young People and the famous Farm Bureau square dance are in store for convention goers.

The adoption of recommendations and resolutions to determine policy for the Farm Bureau

in 1955 will be approved by the voting delegates during the business session on Wednesday, November 17. A special feature on Tuesday morning, Stanford said, will be a debate on "Shall Kentucky Have A Sales Tax?"

AUTHORITY GRANTED

The Kentucky Public Service Commission granted Louisville Gas and Electric Company

authority to raise the gas it may supply a given customer - from a maximum of 600,000 heat units to 1,000,000 units an hour. Comparatively few customers will be affected, but the limit was eased owing to the Company being able to procure an additional 5,000,000 cubic feet of gas a day, and it anticipates this will be raised another, 1,000,000 cubic feet.

WILLIE FOSTER IS SHOCKED AT WILSON REMARK

Campaign Head Issues Statement Today On Issue

W. F. "Willie" Foster, State Campaign manager for Alben Barkley in his race for the United States was shocked, he said, at the statement made by Secretary of Defense Charles Wilson. Wilson has been quoted as comparing the thousands of jobs in the Nation to "kennel-fed dogs."

Mr. Foster's complete statement follows:

The most shocking and callous statement I have heard in many years was that made Monday by Defense Secretary Wilson in which he compared the jobless men and women of this nation to "kennel-fed dogs."

If the people of this state and the nation needed any further proof that the Eisenhower administration has been taken over by the most ruthless crowd of cold-hearted and selfish men this country has ever seen, this statement by Wilson gives it to them.

And he showed his utter con-

tempt for the plight of these jobless when he laughed as he made his sardonic remarks about them. What sort of man is this who says: "I like bird dogs better than kennel-fed dogs. The bird dogs like to get out and hunt around for their food, but the kennel dogs just sit on their haunches and yelp."

The answer is that Wilson is typical of many of the self-centered big business tycoons who have hypnotized Eisenhower and have taken complete control of the American government. It was this same Wilson who said shortly after he took over as Secretary of Defense: "What is good for General Motors is good for the country." It is most significant that this same General Motors Corporation, which Wilson headed, has received more government contracts since he has been Defense Secretary than most of the rest of the automobile manufacturers combined.

Wilson struck directly at thousands of Kentuckians when he declared that he expected unemployment in Michigan would "balance itself out" by Christmas because many of the jobless would "go back South when it gets a little cold."

Many, many Kentuckians went to Michigan in answer to the advertisements of such industries as General Motors to accept employment. It is coldly inhumane for these companies to use these workers when they need them most and then bluntly suggest that they go back home "when it gets cold."

Unfortunately, this has already happened to many thousands of Kentuckians who have had to come back to their home state from Michigan and other northern industrial cities and draw Kentucky unemployment benefits in order to stay alive.

I am an industrialist, in a small way as compared with General Motors, but in Mayfield we employ a goodly number of people, and I think they are the finest people in the world. If I looked upon them as "kennel dogs" as Wilson seems to regard working people I would be utterly ashamed of myself as a man and as a Christian.

The voters of Kentucky should arouse themselves and express on November 2 their indignation against the Wilsons and others of his ilk in the Republican administration by voting the straight Democratic ticket.

DOCTORS ASKED TO GIVE FREE DIABETES TESTS

To Detect Unknown Diabetes Symptoms

"Diabetes Detection Week in Kentucky," during which a state-wide campaign will be made by doctors of medicine to discover previously unknown diabetics, will be from November 14 to 20 according to a proclamation just issued by Governor Lawrence W. Wetherby.

During this week, which has been set aside annually for the Kentucky State Medical Association's diabetes detection drive in cooperation with a national campaign sponsored by the American Diabetes Association, all K. S. M. A. members, hospitals and laboratories will be asked to give free urine sugar tests to all persons requesting them.

The campaign is endorsed by the Kentucky Pharmaceutical Association, the Kentucky State Dental Association, the Kentucky Hospital Association and a number of other state-wide groups.

Governor Wetherby, in his proclamation, urged all Kentuckians to make a special effort during diabetes week to learn about the disease and to take the free tests.

"If everyone will take the test, we can make great strides in preventing the suffering and death now due to diabetes," said Carlisle Morse, M. D., chairman of the K. S. M. A. Diabetes Committee, as he emphasized the importance of people learning whether they have diabetes or not.

"The unlucky people are those who have diabetes and won't find out about it until too late. For those who know they have it, diabetes can usually be controlled so that they live long, happy, normal lives."

PALESTINE HOMEMAKERS ENJOY MEETING AT COMMUNITY HOUSE FRIDAY

Friday morning the Palestine Homemakers gathered at the community House for an all-day meeting with 22 members and two visitors, Mrs. Eugene Hood-enpyle and Wilbur Hardy, president.

The meeting was called to order by the president, Mrs. Harold Pewitt. After the business session, Mrs. Harry Murphy gave her reading report and asked the club to go on record against extensive reading of comic books in the homes and this was approved. The club is always glad to hear Mrs. Murphy give her report, as she always gives some good ideas on good books to read.

After lunch, the lesson on "A Basic Dress" given by Mrs. M. R. Jeffress and Mrs. Jamie Wade. They told of the importance of having a basic dress as it can always be dressed up with costume jewelry, scarfs, etc.

Mrs. Dean Harwood led in two games, which were enjoyed very much. The landscape leader, Mrs. Percy King, gave some good points on how to start flower beds next spring and how to prune different flowers.

The hostesses for the day were Mrs. Clyde Burnette, Mrs. Frank Stroud and Mrs. Ethel Browder.

Come See The Exhibits! Shop and Save At Big Reductions!

THE WINDOW FAIR

This second annual showing of handwork and craftsmanship by the clubs and organizations in this area will be spread throughout the downtown area, with exhibits as listed below. Last year great crowds viewed this work, and the contributing organizations have outdone themselves to create even better exhibits this year! Don't miss this excellent showing. (Save the list below as a handy touring guide!)

THURS-FRI ARE CORNCOB DAYS

Thursday and Friday you can save 10% on your purchases in many Fulton stores. (See list below). Here's the way it works: CORNCOB DAYS means that ONE corncob entitles you to 5c cash value on each 50c purchase; TWO corncobs entitles you to 10c cash value on each \$1.00 purchase. For instance, on a purchase of \$5 you present 10 corncobs and only \$4.50 in cash.

A Good School Helps Parents Discharge Duties

The strength of this nation depends on the strength of its citizens—physical, mental, moral, emotional and economic. While parents have primary responsibility for providing their children with the healthful environment that promotes these strengths, the school is a community agency which helps parents discharge their duty.

Many things combine to make good schools; for example, up-to-date physical facilities, special curriculums and guidance for both the mentally gifted and the mentally deficient, special service such as physical examinations and well-qualified teachers.

From one point of view, a community spends for its school is expenditure. Actually, however, it is an investment because good schools pay off in the economic and cultural advancement of a community, in improving business, in promoting unity within the community, and in attracting families that want opportunity for their children. Good schools also help to produce the manpower needed for

the nation's defense. Twice within the past 15 years the nation's young men have been called upon to defend the free world from totalitarian domination, and both times many had to be rejected because of inadequate schooling—they were a loss to their country in its time of need.

Effective schools cost money. Many communities, if they examine the facts, will find that they must raise teachers' salaries to professional levels, if they expect to attract competent, adequately prepared teachers for their children. They will need to build more classrooms to care for the rapidly increasing enrollment and to replace obsolete and temporary buildings. Some communities will want to invest more in special attention for the gifted. Others will need to modernize their equipment.

American Education Week is a good time to visit your school. Check on your investment and lend a hand in improving it. It will be well worth your time.

Mr. Wilson's Remark Has Been Greatly Misconstrued

This newspaper may be unique, even isolated, in the opinion it has on the now famous "dog" remark for which Secretary Wilson has been castigated, chastised and worked over. Mr. Wilson, in case you didn't know it, is supposed to have compared the unemployed of this Nation to dogs when he cited the initiative of bird dogs as compared to the more sheltered kennel dogs.

The newspapers of this county, the radio commentators, the television programs have had a field day making capital out of his statement. The Democrats have seized upon it as a horrid view for a public official to think so little of the unemployed as to class them as animals. The labor leaders, of course, have asked for his hide. They would like to see him hanged for brutality.

Secretary Wilson, as any biographer will tell you, is a good and kindly man. His General Motors firm has probably given more employment in this country than any other single industry in America. The working conditions in his plants, when he was president of General Motors, have been far above standard, as has been the wage scale in effect there.

Having read something of the honesty, the fairness and the general kind characteristics of the man, we can say without contradiction that his comparison of humans to dogs was as far removed from his thinking as the

solar planets. A man who has reached the industrial pinnacle of business enterprise could not possibly have done so with utter disregard for humanity that has been attributed to him. Any fool could tell you that great men are not created with such thinking as a characteristic.

We were much amused at the holier-than-thou attitude taken by Walter Reuther, president of the CIO. He was the first to wire his indignation to the President seeking Mr. Wilson's removal from the Cabinet as Secretary of Defense. Mr. Reuther's memory is mighty short. It hasn't been too many years ago that Mr. Reuther made a speech in which he compared the laboring people of this country to animals in the jungle. He, in all fairness to him, did not really think working people were animals, it was just a good simile to use, just as Mr. Wilson's remark was a simile.

Newspapers, in this instance, have been very unfair to Mr. Wilson. They have taken issue with him on many of his honest convictions and have stigmatized him as a man with little regard for this country except for what benefits him and General Motors. That stigma is one that has been fabricated by news-savage reporters and we feel that the day will come when those same newspapers will live to call him one of the greatest administrators of our times.

Sermonette of the Week -

Wise Men Seldom Argue

By John Sternig, Science Author and Lecturer in Astronomy

THERE IS NO SCIENCE TEACHER who has not at some time wondered himself, or been asked by his students about the so-called conflict between science and the Bible.

The conclusions reached on this issue have often more emotional than rational. The true scientist and the true theologian recognize that they are both in search of the same thing - - Truth. Truth can never be in conflict with itself.

As A MATTER OF FACT it is probably safe to generalize that where much is made of the so-called conflicts, there is more effort to discredit the other side than to resolve the difficulties.

History is full of example of both sides going off half-cocked. In the latter part of the last century certain groups and individuals were doing their best to discredit religion in favor of materialism.

IN MODERN DAYS one seldom hears informed folk arguing over the "quarrel" between science and the Bible. For it is generally recognized that there is no such quarrel. Intelligent folk will examine their own deficiencies before they leap into waters over their heads. Wise men will study and discuss, but they seldom argue.

This does not mean that in the lives of individuals there will be no honest questioning. For this followed by careful study and prayer, is essential in the search for truth. But we must not be like Pilate who asked, "What is Truth?", and then did not stay to learn.

THERE ARE CERTAIN PRINCIPLES which must be kept in mind in questioning of this kind. First of all we must recognize that the Bible is not, and was not meant to be a book of science. It is primarily a book about God, and man's relations with Him and his fellowman.

We must not forget that the Bible was written for simple, non-scientific folk of a long past time. We cannot hope to understand all its meaning except as it is seen against a study of the age for which it was intended.

THE ORDER OF EVENTS in the Bible is often logical or psychological and not chronological. What is in the Bible is true, but not all that is true is in the Bible.

The Bible is not easy to interpret but no number of difficulties will ever make an error. Truth will never conflict with itself.

On our rounds Tuesday, we visited the Owen Manufacturing plant, located next to the O. K. Laundry on State Line, and found a bee-hive of industry. This is probably one of the fastest growing institutions in town.

You know Vernon Owen, the genial manager, captured the heart and hand of one of Fulton's sweetest society buds recently, and his sole ambition now is to capture the world's admiration for the beautiful line of pleated skirts he manufactures.

The Fulton Bulldogs went down to defeat before the powerful Madisonville pigskin chasers last week to a score of 47-6. The boys report a fine trip and state that they were treated splendidly by the Madisonville people.

Miss Annie Lucille Goldsby sang several songs at chapel Tuesday. Miss Goldsby's singing is always a treat to the students.

Clinton, Ky.-City officers, who will serve during the next two years, were nominated at a mass meeting of citizens of Clinton at the court house.

The list of nominees follows: for mayor, H. M. Vance; for councilmen, W. C. Hutcherson, Ed Featherstone, Elmer Kaler, S. J. Vivrette, C. D. Byasce and Lesley Watson; for city judge, L. L. "WINTER MONOTONY"

This essay is being written in mid-winter, the nour coldest weather is in progress. I cannot help thinking of similar times in my childhood, which was also like your childhood if you are middle-aged. After the school was "out," just before Christmas, until Sunday School started up at Sulphur Springs, on the first Sunday in April, life was relatively monotonous for us children. I was too young, most of the time I lived at Fidelity, to have any other life except school life and work on the farm. The bigger boys could get on their mules or other nags and ride away, on the wildest winter nights, to attend some party up the creek or away off over the horizon. We youngsters were stuck with the ordinary chores to do and then long winter evenings to while away the time. We could pop corn, entertain people who came to sit till bedtime, eat hickorynuts, and reread all the store of books that we had. Sometimes, to keep our minds from going off at a tangent, we could even get out our arithmetics and figure a bit. But there was never a week in winter that did not become pretty monotonous. Eating three huge meals, attending to the stock, bringing in wood—these took up time but not all the time. We could invent excuses to

The mother of both the bride and groom accompanied them to Hickman to witness the ceremony. Mr. Stephenson is railway express agent here and a young man of sterling qualities.

Their many friends wish them a long life of married bliss. The young couple will make their home here.

Mr. and Mrs. Cleveland Butts are home again after a couple of weeks at Red Boiling Springs. Mr. J. S. Cavender is in Murray hospital for treatment.

Mr. Claud Fields and Miss Carlene Coleman surprised their many friends Tuesday afternoon by driving over to Fulton and getting married. The groom's home is near Wingo, while the bride is the daughter of Mr. and Mrs. Jess Coleman of near Pilot Oak. A nice supper was given at the home of Mr. Coleman, after which a number of young folks surprised them with a charivari. We wish them much joy and happiness through life.

Mr. Jim Burton Cavender is here from Jackson, Miss.

Mrs. Mabel Laird spent Friday with her parents, Mr. and Mrs. Vernie Taylor.

Miss Lillian Bard spent the week end with Mr. and Mrs. Clarence Bard of Fulton.

Mrs. Vada Bard, and son Layman, and Miss Hattie Hampton spent Sunday with Mr. and Mrs. Ervin Williams of Water Valley.

Mr. James Martin Bard of Murray spent the week end with his parents, Mr. and Mrs. Cleveland Bard.

Mr. and Mrs. Eph Dawes, Jr., and family, of Paducah, spent Sunday and Sunday night with his father, Mr. Eph Dawes.

get to go to Fidelity after the mail or to take some eggs; but it was against my father's rules for us to sit around at the looper's joint as many of our neighbors did. Along about the first winter after this century began, I started making scrapbooks and spent many a dreary winter day cutting and pasting. Even that can become tiresome after days and days of cold winter weather. Once in a great while some preacher — our regular one or some off breed — would venture into our mud in mid-winter; after weeks of unuse the church would be as cold as a guest room in a farmhouse, but a stove or two could warm things up soon; the preacher usually added his warmth of another sort, especially for all those who differed from his brand of religion. And so the winter slowly rolled away. No wonder the first mess of spring turnip greens looked so good!

By contrast, winters now seem perfectly normal, whether they are cold or average. Life goes on just about the same as in the other seasons. The telephone, the mail, the radio, the television set, school, church, visiting, social events—what does winter matter? And, rather oddly, the outdoors in winter are as pleasant to contemplate as they are in summer or spring. Since I was a very young man I have tramped thousands of miles — literally thousands—in bird study, more or less unconscious of winter as dreary season, for it isn't I have often wondered whether some of the desolation of the older win-

ters were not mental as well as physical. We just expected to have a dreaded time, and we had it. Everybody who came in talked about the weather, something about nothing else. Only a bigger snow than usual broke the monotony, and, frankly, bigger snows are pretty rare. In spite of what most old people say about it, big snows just weren't any more common then than now. I suppose that the inadequate methods of heating our houses, the crowding of the houses when everybody was around, and the endless stories of hard winters queered our minds so that we could not believe what we had experienced. Maybe some of us would still conclude that winter was pretty cold if we had to sleep in a bed room that wasn't and couldn't be heated. Crawling into such a bed on a wintry night made all the stories that had just been told around the big fireplace seem perfectly natural.

WOMEN AND WHEELS

**It's Not Your Sex,
It's Your Personality**

By Mary Lou Chapman

You can make statistics prove almost anything. You could find some
to "prove" that women are better drivers than men, or you could prove
exactly the opposite.

But we don't want to heat up the old war between the sexes. We
don't feel that being male or female affects the way you drive, really.
We know some good ones and some
bad ones of each kind.

It's not your sex, it's your per-
sonality that counts. It's the kind
of individual
you really are
that affects your
driving.

Some ladies we
know just don't
happen to be
ladies on the
highway. They
honk at pedes-
trians and "hog"
the road, show-

ing their unladylike nature. And
some gentlemen, who can be ever
so charming and pleasant at a
dance, drive like someone is step-
ping on their toes when they get
behind the wheel of a car. They
break speed limits, and generally
behave as if they were at a jam
session. Invariably, it's only a traf-
fic jam session.

THE NAME'S THE SAME

There is something about the
completely anonymous situation
of driving alone that makes these
ladies and gentlemen think they
can get away with murder—and
sometimes, that's just what it is.

The director of the Psychopathic
Clinic of Detroit Recorder's Court
maintains a driver behaves in a
manner which reflects his true
personality pattern. His person-
ality does not change. But there is
one significant difference. In his
car he has more freedom of oppor-
tunity to demonstrate the presence
of unsocial, irresponsible or even
anti-social traits.

BAD DRIVER, BAD GUY

The clinic has found that prob-
lem drivers are usually emotion-
ally unstable. They generally are
the impulsive and irresponsible
person, the day dreamer, the alco-
holic, and the selfish egocentric.
There are also those suffering from
feelings of inferiority, who some-
times believe the automobile offers
a way to show the world that they
are "as good as anybody else." This
usually takes the form of speed-
ing or trying to "outwit" the police.

If, however, a person,—man or
woman—is emotionally well-bal-
anced in other phases of his life,
at home, at work, in the commu-
nity, he is unlikely to be a chronic
problem child on the highway.

According to, J. F. Harrell,
M. D., local health officer, tub-
erculosis took 642 lives in Ken-
tucky in 1953 and is one of the
state's gravest health problems.

Nearly three-fourths of all
cases of tuberculosis in Ken-
tucky are being discovered
through these mass x-ray sur-
vey programs, he said. The Un-

approximately 300,000 persons
get chest x-rays annually under
the program.

Persons under fifteen years
are x-rayed only if they are
known to have been in direct
contact with persons who have
tuberculosis or upon a physi-
cian's referral. The tuberculosis
cases rate among this younger
group is quite low.

FLY-FREE CATTLE**

"Flies can steal your beef-

per of the University of Ken-

and Home Economics. Fly-free
cattle have gained up to one-
half pound more per day than
cattle pestered by flies, he ad-

The solution of the fly prob-
lem is to spray both cattle and

means litter where flies breed—

and poultry and hog houses.

DDT is considered the cheap-
est spray material. It can be us-
ed on all cattle except those to
be slaughtered in the near fu-
ture, as well as on buildings and
the like. DDT spray usually lasts
a month. Hopper says not to
mix it with whitewash.

A material called pyrene is
needed to control horse flies,
which are not affected by DDT.

**The Basic Idea
Behind the All-New
1955 PONTIAC**

On Display October 29 and 30

ABOUT 30 years ago General Motors Cor-
poration presented to America a new
car called Pontiac. This new car was the
direct result of a very specific idea.

The idea was this: to create a car which took
its style, its engineering principles and its
features from the very best and most expen-
sive in America—and to build these into a
car priced just above the very lowest!

Naturally, such an idea produced a wonder-
ful and highly popular car—a car which mil-
lions of satisfied owners have driven with
outstanding pride and pleasure.

Now, nearly three decades later, an entirely
new Pontiac has been created for 1955—a car
completely new from the ground up!

One thing, however, about the 1955 Pontiac
remains unchanged—its basic idea—to offer
the American public the very finest car that
can possibly be built to sell at a price within
easy reach of any new-car buyer.

When you see the new Pontiac on Friday
or Saturday—Oct. 29 or 30—you will be im-
mediately impressed by its remarkable new
styling. No other car in the world looks like
this new Pontiac!

When you drive it you will be astonished at
its performance. For the 1955 Pontiac in-
troduces the powerful new Strato-Streak
V-8, an all-new engine that has already been
proved in more than 3 million test miles!

When you price the new Pontiac you will
come face to face with the basic Pontiac
idea—you will be agreeably surprised that
so much car, so much sparkling newness,
so much luxury, so much downright good-
ness can be priced so near the very lowest.

We cordially invite you to come in on Fri-
day or Saturday and see for yourself what a
superb all-new General Motors masterpiece
has been created to carry the wonderful
name "Pontiac" for 1955.

**MRS. HOFFMAN IS
HOSTESS TO MEET
OF STATE LINERS**

The State Line Club had an all-day meeting in the lovely home of Mrs. Maurice Coffman on Monday, Oct. 11.

Fourteen members and four visitors were present, Mrs. Wendell Coffman, Mrs. Emmett Caldwell, Mrs. Elywin Coffman and Mrs. Jessie Johns.

Mrs. D.J. Jones presided over the business session.

Mrs. Neal Hedge gave the reading of the minutes and treasury report in the absence of the Secretary, Mrs. Edwin Cannon, who was unable to attend, due to the illness of her father.

Roll call was answered by telling of a Halloween stunt.

Landscape notes were given by leader, Mrs. Ben Winston. Garden notes were given by Mrs. Hazel Walker. Both were very interesting.

Another interesting report was given by Mrs. Ruby Phillips on "How Can We Detect TB?" The members were all asked to have chest x-ray next week in Mayfield. Non-members are also asked to do this. It is very important for everyone.

A delicious lunch was served at the noon hour, after which the major lesson was given by Mrs. Jack Williams and Mrs. Adair Cannon on meal planning and a congealed salad, which was demonstrated and very good. The lesson was well given and much enjoyed by all.

Mrs. Willie Cavender conducted games during recreation

hour and all had much fun. Sunshine gifts were received by Mrs. Neal Hedge, Mrs. Edwin Cannon, Mrs. Lily Gordon, Mrs. Ben Winston and Mrs. Charles Maynard. The club presented Mrs. Maynard with a going-away gift.

We regret very much to lose Mrs. Maynard. She has been a good and faithful member. We wish her and her family the best of luck and happiness in the years to come.

The next meeting will be with Mrs. Thomas Bruce Nov. 8 at 10 a. m.

Mrs. Mozelle Terry has returned to her home in St. Petersburg, Fla. after visiting friends and relatives in Fulton.

Jerry Hawks, son of Mr. and Mrs. Walter Hawks of Fulton, spent the week end with his parents. He is stationed at Fort Campbell.

Well Known**

The inauguration of Dr. Adron Doran as seventh president of Morehead State College will be held Friday evening, October 22, in the college Auditorium with Gov. Lawrence Wetherby presiding, and scores of official delegates and special guests from all over the nation in attendance, the occasion is expected to be an impressive academic ceremony.

The inauguration, followed by an open reception in the college library, is the first event in a full week end of activities at the college. That same evening there will be a program dedicating the new Fine Arts Building in memory of Dr. William Jesse Baird, who was president of Morehead State College from 1946 until his death in 1951. On Saturday the college will hold its annual Homecoming.

Dr. Doran, 45, has already had a varied career as educator, minister and editor. He has served as principal of three Kentucky high schools (Boaz, Sylvan, Shade and Wingo) and, among other educational posts, as president of the Kentucky Education Association and as Director of Teacher Training and Certification of the State Department of Education. Dr. Doran has served for four terms in the state House of Representatives, including one year as Speaker, and has been a Church of Christ minister for many years. He has also been editor of The Fulton Daily News. Dr. Doran received his A. B. and M. A. degrees from Murray State College and an Ed. D. from the University of Kentucky. Dr. Doran is from Mayfield and his wife, the former Mignon McClain, is from Sedalia.

**CORN PUDDING**

- 1 pint milk
- 3 eggs, white and yolks beaten separately
- 3 tablespoonfuls melted butter
- 1 dessertspoonful white sugar
- 1 heaping teaspoonful cornstarch
- 1 teaspoonful of salt
- 6 ears corn

With a sharp knife, slit each row of corn in the center. Then shave in thinnest slices. Add the corn to the yolks of the eggs, next the butter, cornstarch, sugar, and salt, then the milk, gradually, and last of all mix in the whites. Bake in a hot oven till light brown on top.

Serve piping hot with a spring salad and foaming glasses of amber beer. Kentucky's favorite beverage of moderation adds contrast and zest to hot main dishes like corn pudding as well as to snacks and picnics. Serve beer often to family and friends.

Mrs. Carey Fields

Mr. and Mrs. Truman Glass and children of Mayfield spent Sunday here with their parents, Mr. and Mrs. Clyde Johnson.

Mr. Hayden Rickman is a patient in Munday Hospital where he underwent an appendectomy Sunday night. His parents, Mr. and Mrs. J. C. Rickman, and a brother, Robert, are at his bedside. Later reports are that he is doing as well as expected.

Rev. R. W. Campbell filled his regular appointment at New Salem Baptist Church the past Sunday at 11 o'clock and the evening service at 7:30. B. T. U. meets at 6:30 with a fine attendance.

News reached relatives here night of the sudden death of Mrs. Audrey Vincent Coleman, while enroute from Detroit to her home in St. Louis. Mrs. Coleman had visited her daughter, Marjorie Ruth, and expired in good spirits, when she boarded the bus and suffered a heart attack which proved fatal.

The deceased is survived by two daughters, her mother, Mrs. Inez Vincent, a brother, Bruce Vincent, who resides in Pilot Oak section. The body will arrive here and be carried to the home of relatives. The arrangements are incomplete at the present, but will probably be held Tuesday or Wednesday at Pilot Oak with interment in nearby cemetery. The family has the profound sympathy of the entire section of which the Vincent family formerly lived.

Mrs. Ola Manpans left yesterday for Memphis for a few days visit with her granddaughter, Martha, before returning to her home in Phoenix, Ariz. She has had a delightful visit with relatives here, her former home.

Down at the R. O. Vincent residence in Dukedom Sunday open house was held in observance of Mr. and Mrs. Vincent's golden wedding anniversary.

From 2 to 5 p. m. about 220 guests came to bestow good wishes upon the beloved couple. The Vincents received many lovely gifts. The house was attractive in a profusion of flowers of golden hue. Their dining table was beautiful in an artistic arrangement of burning tapers, the central appointment was a large three-tiered wedding cake decorated in white and gold, topped with a gold bride and groom, table over laid with white lace and gold. The following ladies has charged of register and serving of fruit punch and light refreshments: Mesdames: Richard Rose, Dorell McCall, Forrest Darnell, W. B. Brown, Misses Ruth Darnell and Janice Vincent. All the guests left wishing Mr. and Mrs. Vincent many more happy anniversaries.

Doyle Fields, who received an injury to his middle finger two weeks ago while operating a combine, is some better of a reaction from shots taken. The wound is doing nicely and the stitches were removed at Haws Clinic several days ago. He is still carrying the finger in a splint.

Mrs. Mary Kath McClure remains a-bed and slowly improves from kidney infection she suffered several weeks ago. The aged esteem woman condition was considered grave several weeks. Dr. Biggs is her family physician.

Goodrich Store Has New Tubeless Tires

A new tubeless tire called the SAFETYLINER is now available to local motorists, according to Bobby Scates, manager of the Charlie Scates Store located at 216 Church St. in Fulton, Ky.

In addition to being sold as a replacement for worn-out tires, the SAFETYLINER will appear as standard equipment on some makes of new cars in 1955. It has greater skid resistance than previous new-car tires, practically eliminates squeals, rides smoother, and yet costs no more than an ordinary tire and tube.

According to Scates, the new tubeless tire is being marketed nationally by The B. F. Goodrich Company, which has six years of know-how in the manufacture and servicing of tubeless tires.

Low Speed Saves Gas

By Mary Lou Chapman

We don't know who handles the finances in your family, but if your husband has been unhappy about car gasoline bills lately, here are tips the whole family can use while driving. You might try them for one month and see if that bill doesn't shrink.

30 M.P.H. GOOD

Keep your speed moderate, both on the highway and in the city. Recent tests showed that at a steady speed of 30 miles an hour,

gas mileage was very good. At 40, gas mileage was 10 per cent less. At 60 m.p.h., it was 31 per cent less, and at a steady speed of 80, gas mileage was 52 per cent less. One 165-mile test showed that by driving around 50 instead of 70 on the open highway, you can save one gallon or more out of every four.

Avoid "jet-propelled" starts. It was found that 65 per cent of all drivers accelerated much too

A native of North Carolina, Miss Iris Davenport joined FARM AND RANCH magazine as associate women's editor in 1942. She became editor in 1945. She was a specialist in home economics on the Louisiana and Kentucky extension services before joining FARM AND RANCH magazine.

quickly when hurrying in traffic (Does it really matter so much that you beat the other car away from the traffic light?) Unnecessarily fast starts make your car a real gas-eater.

TAKE IT EASY

Shift from lower gears as soon as possible, because traveling in low gears at high speeds consumes gas. Stay in low long enough to get smoothly under way, but don't keep the car in low beyond 15 m.p.h. Shift to second at 15 m.p.h. and into high at 20 m.p.h. Don't accelerate too heavily, remember.

Avoid repeated accelerating and braking. In the city, where accelerating and braking is so frequent, gas consumption can still be cut by using "planned driving," that is, using a safe steady speed. It's just a matter of timing—looking ahead as you drive, judging the speed of the traffic flow, and gauging the approximate setting of the traffic lights. If you do a good job of timing, plenty of extra stops and starts can be avoided. These tests we mentioned show that planned driving in traffic can save you one gallon out of every three.

Those are the main things to remember. The biggest point made in these tests seems to be this: that of all the factors that influence how much gas your car uses, one of the most important is the driver.

LET'S TALK FRANKLY ABOUT NOVEMBER 2nd

The issues before Kentucky voters at the Nov. 2 election can be boiled down to these simple terms:

- 1 The Republican administration at Washington has been surrendered to ruthless, big business tycoons who have little sympathy for the average man and woman.
- 2 John Sherman Cooper is a Republican, and the Republican strategy is to keep that crowd in control at Washington.
- 3 Alben W. Barkley is a Democrat—"Mr. Democrat" of the nation—and his record is proof that he believes in government for the people.
- 4 Republican policies during the past two years have produced widespread unemployment, brought back the bread lines, and threaten the economic well being of the nation.
- 5 There are too many hard-hearted men in control at Washington who feel as Defense Secretary Wilson does that many working men are "kennel-fed dogs".
- 6 The Republican lack of firm foreign policy has undermined the prestige of the United States abroad, and divided us at home.
- 7 The Benson farm program is wrecking progress made for the farmers through the 20 years the Democrats worked for them.
- 8 Cooper has little influence at Washington. At a critical time during the last session of Congress, President Eisenhower would not even talk with him. He was not consulted about the appointment of the new TVA chairman. He cannot get Republican senators to vote with him.
- 9 Barkley has the greatest influence of any living Democrat. His opinions are valued and respected, especially in the Senate.
- 10 Cooper voted against giving individual taxpayers relief by raising their exemptions \$100 a year, but voted for tax relief for the big corporations.
- 11 Barkley has always voted for a tax program to protect the little man, and against the theory that big business will let benefits "trickle down".
- 12 Cooper voted against a bill for 90% parity for tobacco, wheat, corn, cotton and other basic crops; against dairy supports; against increased support for REA and Soil Conservation; against beef cattle supports.
- 13 Barkley has waged the fight for strong agricultural supports throughout his career.
- 14 Cooper voted for final action to approve the notorious Dixon-Yates contract that gives a private power combine undeserved profits.

Rescue the Nation from the grasp of the Special Privilege Crowd

ELECT ALBEN BARKLEY

A GREAT KENTUCKIAN FOR GREATER SERVICE

Kentuckians can be proud that their state produced a statesman of Alben Barkley's stature. Throughout his public service he has never deviated from his belief that what is best for the people is best for the nation.

Today, Barkley is needed by the people of Kentucky more than at any time in his life. His unmatched experience, his vision, his dedication to the interests of the many rather than the privileged few... all combine to make him the hope of his state and his nation.

VOTE FOR ALBEN BARKLEY and the STRAIGHT Democratic TICKET!

CHRISTIAN SCIENCE

The fact that purification of thought and action removes the obstacles to individual growth, progress, and salvation, will be emphasized at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "Probation After Death" is the Golden Text from James (1:12): "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him."

EDUCATION WEEK TO BE OBSERVED DURING NOVEMBER

Week Set Aside To Review Work Of Local Schools

The 34th annual observance of American Education Week is announced for November 7-13 by its national sponsors, the National Education Association, the American Legion, the U. S. Office of Education, and the National Congress of Parents and Teachers.

The central theme, "Good Schools Are Your Responsibility," is, in effect, a lesson assignment for every citizen. Also, some of the daily topics for AEW this year emphasize everyone's personal responsibility for good schools: "Ideals To Live By," Teachers for Tomorrow, Investing in Good Schools, Working Together for Good Schools, Effective Citizenship, Teaching the Fundamentals Today, and "How Good Are Your Schools?"

During American Education Week the nation's schools extend a special invitation to the public to visit classrooms—to see the schools in action. The sponsors estimate that this year 20 million people will accept that invitation. Millions more will learn about their schools through newspaper and magazine features, radio and television programs, displays and demonstrations, and special community programs and activities.

"Wishing for good schools is not enough," declares the sponsoring committee. "Communities have good schools when the people want them enough to take an interest in them, to cooperate with them. American Education Week is an appropriate time to reexamine the educational program of your community. What is your school doing best? Can it do some things better? To help your school, you need to be well-informed about it."

All great art is the expression of man's delight in God's work, not his own.

Four Checks When You 'Fill 'Er Up'

By Mary Lou Chapman

A "dip-stick" is not a new type of ice cream cone. It's that gadget under the hood of your car that shows you how much oil is in the engine. And if you have anything to do with cars—even if your husband generally takes care of such things—you should be familiar with it.

There are actually four other items besides gas that ought to pop into your mind every time you drive into a gas station. They are: checking the oil, the water in the radiator and in the battery, and taking a look at your tires.

Just because you may not understand the engineering intricacies behind these items, don't be intimidated. Get out of your car anyway and watch what the attendant does.

IT'S FLATTERING

He'll probably be flattered to have you watch him do his job, and will do it better—and maybe you'll learn more about your car in the process. Lots of men we know get out every time that hood goes up. There is something fascinating under that metal canopy. Of course you don't have to carry this motor-peering to extremes and start your own repair shop. But bear the following in mind when you go gasoline trotting in the future.

Check the oil. This is where the dip-stick comes in. Your gasoline attendant should show you the car's oil level on the dip-stick. This is how you read it: The level should be between the "add-oil" mark and the "full" mark. If the level drops below the "add-oil" mark, add only one quart of oil.

OIL'S EXPENSIVE

The level should be watched quite closely, because if it goes over the full mark, the oil is likely to be wasted. It churns around in there and leaks out. Oil is just too expensive for that sort of thing. Yet too little is dangerous, because the function of the oil is to keep the wearing surfaces of the engine smoothly lubricated, and lack of oil may ruin it. You should see that the oil is kept clean, too. A filter is helpful for this. If your car has one, remember that these filters also need periodic changing (every 5,000 miles) as they become filled with the dust and dirt they remove from the oil.

Check radiator water. This is important. The water is circulated from the radiator through a "jacket" surrounding the engine. It keeps the engine (which often gets as hot as 2,000 degrees in the combustion chamber) cooled down to a mere 160 degrees or so. That is, as long as you keep enough water in it.

Check the battery. This one too is primarily a water problem. Each cap should be removed to see that the water is at the proper level. Normally, the battery should be checked about every two weeks, but in hot weather or while you are on a long trip, have it checked every week.

TIRES TIRE, TOO

Check the tires at least once a week for signs of small breaks and for proper pressure. Your dealer will tell you what pressure is best for your particular tires, but it averages out in most to about 24 pounds when they are cool and 27 pounds when they have been rolling awhile. Never let air out of tires immediately after a long journey, though, as tires are built today to stand expansion. Just be sure that they are properly inflated when moderately cool, and you'll be safe.

Periodic rotation to different wheels helps all four tires plus the spare to wear evenly. This should be done at every 3,000 miles. More complete servicing of your car is done when it is lubricated. This is every 1,000 miles or once a month.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

PATRICIA LATANE

Dear Patricia:

I have two questions I would like to ask you. I was in the hospital for three weeks. I came home and found I had left a pair of shoes. I called up also went down. No one had seen the shoes. I would like for you to tell me where my shoes are. Give me the initials if you will.

Also I would like to know this. My husband was supposed to get a job. A friend was helping him, suppose to be. Was he really? Are just what happened to the job?

K. W.

Dear K. W.:

Kiss the shoes goodbye. They have been taken by a character by the name of K. L. P. They need them more than you do. Your husband's helper was a big lot of talk. He hasn't turned his hand to get that job for him, because he doesn't want your husband to have it. There are lots of jobs that he can handle and I would suggest that you start looking in the right places for a job instead of depending on somebody else to do it for you.

Dear Pat:

Here I am again. I hope you don't get tired of me writing so much. When I want to know anything I come to you. I have a lot of faith in you. Please tell me about my daughter. Will she get alright? She has been sick, you know what I mean, for about 3 or 4 weeks. She is working. It looks like she will stop. What is wrong and will my son have to go back in the service? I am going to do what you tell me to. I believe in you more than I can tell you.

Can you tell me if some one

picked my water mop up and carried it off or what went with it. We are going to move just as soon as we get our crop finished and that won't be long. God bless you, Pat.

Thanks a million for being so nice to answer my question for me.

Thanks again

E. D.

Thanks for your confidence. Your daughter will be all right and I suggest she stop working as soon as she can so that she can get on her feet with some real rest. She's mentally tired and needs relaxation. Your son will not have to go back in the service unless he wants to right now. No one picked up your water mop. You have misplaced it. Look in all the places you think it might be and I am sure it will turn up.

Dear Pat:

I would like to know the answer to a couple of questions if you don't mind answering them. Do I stand a chance of making P. M. care for me or should I keep going with L. C. the girl I have been going with?

Does C. B. still care about me even tho she is married? Please answer these questions for me.

E. J.

Dear E. J.:

Brother, you are the romeo aren't you? Do you want P. M. to care for you just for the sake of caring or do you love her yourself? Where does L. C. stand and why are you going with her. No, C. B. has a little more sense than you have. She is in love with her husband and you are in love with no one, but yourself.

When you find a girl that you really love, you won't have to write and ask me about her she will know that you love her and will return your love. Straighten up and fly right. You're no Barrymore, you know.

FEE RULING ISSUED

County court clerks are not entitled to a greater fee than

\$10 for recording consolidation agreements between corporations in the county clerk's office, according to a ruling of Assistant Attorney General M. B. Holifield.

The ruling was given to Louis Cox, Frankfort, who wrote that certain clerks had complained the fee was too small, and had insisted that a larger fee be paid. Holifield cited a statute which limited both the Secretary of State and any county clerk to a fee of \$10 for recording such agreements.

Dicky Strong, who is a Machinist Fireman in the U. S. Navy, left Oakland, Calif. Tuesday morning on his way to Japan. He

is stationed aboard the U. S. S. General J. C. Breckinridge, which operates in the Pacific Ocean area.
